TAP1

TAP1 is Copenhagen's most **versatile** venue accompanied by a highly skilled, experienced and **responsive** team, this to ensure the best terms for continuous progress. Our organization can assist in all levels, - from raw functional walls to 360° service.

A PIECE OF HISTORY

The size and the industrial history makes TAP1 **one of very few** - this means, hosting an event here creates history in all aspects.

TAP1 is located in the former distillery at the Copenhagen ISland, Amager - more specifically **Raffinaderivej 10, DK-2300 Cph S**. The multi purpose venue has in 2017-2018 undergone a total transformation and is now able to welcome up to 4.500 guests - whilst of course respecting the history and the unique original architecture that characterizes the former station building.

The new TAP1 is able to accommodate a wide range of events; conferences, concerts, dinners, TV-shows, meetings, trade & award shows etc.

TAP1 is a **multi scalable venue** with several event spaces, centrally located just 5 minutes from Town hall, 10 minutes from the airport, overlooking the green fields of the protected 'Kløvermarken' area and the beautiful towers of the Copenhagen skyline.

WHAT THEY SAY.

"We visited quite a few venues and TAPI was by far our favourite. We were taken with the personality of the venue straight away and the personality of all the staff. It's been really good working with the team, everyone has been very helpful the whole way through and very responsive. And everyone is incredible knowledgeable about the industry as well, so we felt like we were in good hands the whole way through."

Sophie Binns, Senior Account Manager, Event Concept, UK

WHAT THEY SAY.

"We've arranged the chocolate festival at TAPI for almost 10 years (. . .). Having travelled with the TAPI-team from Vesterbro to Amager, we think the new settings are super cool. We like the ongoing development in our festival and the way things are handled here. Moreover, years of knowledge pays off by an effective way of doing things and keeps developing our festival. So that's why we're super excited to organize the annual chocolate festival here. The collaboration is really good (...). Because of the close cooperation and experience from the past years, the teamwork has led to a development that's made upcoming production issues easy to solve."

Thomas Schødt, President, Chokoladeselskabet, DK

KEY INFO

ADVERTISING & PROMOTIONS

Our venue offers various possibilities of promotion and branding, and we embrace thinking out of the box. We are also happy to advertise provided event information on our platforms. When having an event at TAP1 you agree for it to serve as case material for the venues portfolio.

QUOTES

We are always happy to prepare a customized quote for the needs and requirements of your event. Please contact info@tap1.dk

CONSUMPTION/UTILITIES

All consumption of water, heat and electricity is estimated at official rates at start-up, and are settled at the end of the rental period.

GUARD & FIREWATCH

The hall-guard follows the tenant's schedule for desired access to the venue. The hall-guard acts as tenant's primary contact in the event of venue-related challenges or similar issues. The hall-guard is also a tenant's guarantee that all leased facilities are accessible and functional.

A fire watch must be present during the opening hours of the event as this is required by the Copenhagen Fire Brigade.

LICENSING

TAP1 is fully licensed for all types of events also covering alcohol and night permission.

PARKING

We offer more than 300 parking lots paid by the hour.
